**NOTES TO THE INTERIM FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2009**

**1 Basis of Preparation**

This general purpose financial report for the interim half-year reporting period ended 31 December 2009 that has been prepared in accordance with Accounting Standards (including Australian Accounting Interpretations), other authoritative pronouncements of the Australian Accounting Standards Board and the Corporations Act 2001 and was authorised for issue by the directors on 26<sup>th</sup> October 2011.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2008 and any public announcements made by Oz Brewing Limited during the interim reporting period in accordance with the continuous disclosure requirements of the Corporations Act 2001.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

For the purpose of preparing this half-year financial report, the half-year has been treated as a discrete reporting period.

The directors are of the opinion that the basis upon which this interim financial report is presented is appropriate in the circumstances.

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation

**Basis of preparation**

The financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets and financial instruments for which the fair value basis of accounting has been applied. All amounts are presented in Australian dollars which is the Company's functional and presentation currency, unless otherwise noted.

**Adoption of new and revised accounting standards**

In the current year, the company has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board that are relevant to its operations and effective for the current interim reporting period. The December 2008 comparatives contained in these financial statements therefore differ from those published in the interim financial statements for the period ended 31 December 2008.

Significant effects on current, prior or future periods arising from the first-time application of the standards discussed above in respect of presentation, recognition and measurement of accounts are described in the following notes.

**AASB 101: Presentation of Financial Statements**

In September 2007 the Australian Accounting Standards Board revised AASB 101 and as a result, there have been changes to the presentation and disclosure of certain information within the financial statement. Below is an overview of the key changes and the impact on the Company's financial statements.

**Disclosure impact**

**OZ BREWING LIMITED  
(AND CONTROLLED ENTITIES)  
ABN 24 118 159 881**

**NOTES TO THE INTERIM FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2009**

Terminology changes – the revised version of AASB 101 contains a number of terminology changes, including the amendment of the names of the primary financial statements.

Reporting changes in equity – the revised version of AASB 101 requires all changes in equity arising from transactions with owners, in their capacity as owners, to be presented separately from non-owners changes in equity. Owners' changes in equity are to be presented in the statement of changes in equity, with non-owners changes in equity presented in the statement of comprehensive income. The previous version of AASB 101 required that owners changes in equity and other comprehensive income to be presented in the statement of changes in equity.

Statement of comprehensive income – the revised AASB 101 requires all income and expenses to be presented in either one statement, the statement of comprehensive income, or two statements, a separate income statement and a statement of comprehensive income. The previous version of AASB 101 required only the presentation of a single income statement.

The Company's financial statements now contain a statement of comprehensive income.

Other comprehensive income – The revised version of AASB 101 introduces the concept of 'other comprehensive income' which comprises of income and expenses that are not recognised in profit or loss as required by other Australian Accounting Standards. Items of other comprehensive income are to be disclosed in the statement of comprehensive income. Entities are required to disclose the income tax relating to each component of other comprehensive income. The previous version of AASB 101 did not contain an equivalent concept.

The Directors have considered new pronouncements and amendments to the Accounting Standards which are issued, but not yet effective and are not aware of any that will have a material impact on the Company's financial statements.

Management anticipate that all new pronouncements and amendments will be adopted in the company's financial statements for the first period beginning after the effective date of the pronouncement, with none being early adopted

The following is a summary of the material accounting policies adopted by the company in the preparation of the interim financial report. The accounting policies have been consistently applied, unless otherwise stated.

#### 5 Contingencies

##### (i) Contingent liabilities

##### **Bank Guarantee:**

Oz Brewing Limited had provided a financial guarantee to Mad Monk Pty Ltd in which during the period ended December 31 2009 Oz Brewing owned 51%. The financial guarantee was against Mad Monk's obligation under its bank bill facility. The purpose of the bank bill facility was to finance the purchase of goods and chattels for Mad Monk's business operated at South Terrace, Fremantle. At December 31 2009, the maximum exposure that Oz Brewing Limited had in the event of a default by the guaranteed party was \$500,000. Oz Brewing had been placed into Administration in September 2008 which was a default event, but at the balance date of December 31 2009 there had been no claim against Oz Brewing on this financial guarantee.

Significant events subsequent to this balance date are:

**NOTES TO THE INTERIM FINANCIAL STATEMENTS  
FOR THE HALF-YEAR ENDED 31 DECEMBER 2009**

- The landlord seized control of the Mad Monk facilities under the terms of the lease deed in April 2010;
- In October 2010 Mad Monk was placed into liquidation by Order of the Federal Court of Australia;
- The Deed of Company Arrangement (DOCA) through which Oz Brewing was controlled was effectuated in June 2011, and control of the Company returned to the Directors.

The Directors note that all of the above were further defaults under the guarantee arrangements and that no claim was made under the financial guarantee. It is also noted that the facility in Fremantle continues to trade utilising the goods and chattels originally funded by the bank bill facility guaranteed by Oz Brewing.

The Board is of the opinion that the guarantee no longer has effect through the failure of any claims to be made through the DOCA and that any such claim made would be vigorously defended and unlikely to result in a material financial loss to the Company.

**Premises Lease Guarantee:**

Oz Brewing Limited had provided a guarantee to Mad Monk Pty Ltd in which during the period ended December 31 2009 Oz Brewing owned 51%. The guarantee was provided to support Mad Monk's lease arrangements at its facilities at South Terrace Fremantle, WA. The lease exposure was potentially for a 20 year period, as a result of which the maximum exposure to Oz Brewing at June 30 2008 was \$3.4M.

Oz Brewing had been placed into Administration in September 2008 which was a default event, but at the balance date of December 31 2009 there had been no claim against Oz Brewing on this financial guarantee.

Significant events subsequent to this balance date are:

- The landlord seized control of the Mad Monk facilities under the terms of the lease deed in April 2010;
- In October 2010 Mad Monk was placed into liquidation by Order of the Federal Court of Australia;
- The Deed of Company Arrangement (DOCA) through which Oz Brewing was controlled was effectuated in June 2011, and control of the Company returned to the Directors.

The Directors note that all of the above were defaults under the guarantee arrangements and that no claim was made under the premises guarantee. It is also noted that the facility in Fremantle continues to trade utilising the premises and is under the management of the lessor.

The Board is of the opinion that the guarantee no longer has effect through the failure of any claims to be made through the DOCA and that any such claim made would be vigorously defended and unlikely to result in a material financial loss to the Company.

(ii) Contingent assets

There were no material contingent assets as at the reporting dates.

### **Independent Auditor's Review Report To the Members of Oz Brewing Limited**

We have reviewed the accompanying half-year financial report of Oz Brewing Limited (“Company”), which comprises the statement of financial position as at 31 December 2009, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, a statement of accounting policies, other selected explanatory notes and the directors’ declaration.

#### **Directors’ responsibility for the half-year financial report**

The directors of the Company are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Act 2001. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### **Auditor’s responsibility**

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with the Auditing Standard on Review Engagements ASRE 2410: Review of an Interim Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the financial position as at 31 December 2009 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001. As the auditor of Oz Brewing Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Independence**

In conducting our review, we complied with the independence requirements of the Corporations Act 2001.

### **Basis for Disclaimer of Conclusion**

The following scope limitations occurred during the course of our review:

- The comparative figures in the financial report (as presented in the 30 June 2009 financial report and the 31 December 2008 half year report) were accompanied by a disclaimer of auditor's opinion in relation to the following matters:
  - As set out in note 13 to the 30 June 2009 financial report, the Company sold a 49% interest in its subsidiary and main operating entity Mad Monk Pty Ltd on 18 August 2008. The terms of this sale included, inter-alia, a transfer of control of the business and its books and records to the purchaser;
  - The Company was placed into voluntary administration on 17 September 2008. The administrator was only appointed in relation to the Company and not in relation to subsidiary entities including the main trading entity, Mad Monk Pty Ltd;
  - On 5 October 2010, Mad Monk Pty Ltd was placed into liquidation by order of the Federal Court of Australia;
  - The comparative figures in the financial report (as presented in the 30 June 2008 financial report report) were accompanied by a disclaimer of auditor's opinion in relation to the same matters as described above.
- The matters above have an impact upon the brought forward balances at 1 July 2009. Opening balances affect the determination of the performance of the Company for the period ended 31 December 2009.

As a result of the matters set out in the preceding paragraphs, and the resultant unavailability of certain books and records of the company and its subsidiaries, we were unable to obtain sufficient and appropriate audit evidence to enable us to carry out our review procedures in accordance with Australian Auditing Standards. In particular, we were unable to obtain sufficient evidence to provide an opinion as to the completeness of pre-administration creditor balances recorded by the Company.

### **Disclaimer of Conclusion**

Based on our review, which is not an audit, because of the significance of the matters described in the Basis for Disclaimer of Conclusion paragraphs above, we have not been
